His Excellency  
Mr. Selim Sarper  
Ambassador of Turkey to NATO  
Paris, France

Dear Mr. Ambassador:

I was deeply touched by your cable with regard to my brother and your appreciation of his work and faith. I know of his close association with you in many conferences both during your long stay in this country and now in your important mission to NATO. You have shared my brother's steadfastness and courage in meeting the common threat to our civilization and I know he treasured your friendship.

With kind regards and the hope that we will meet soon, I remain,

Sincerely yours,
